

Community Pharmacy Questionnaire

Introduction

If you live, work or study in Westminster, Kensington and Chelsea or Hammersmith and Fulham we would like to hear from you about your local pharmacies.

We are keen to understand what people use community pharmacies for and how they feel about the services being offered. Community pharmacies provide over the counter medication as well as those that your GP prescribes. They also offer a lot of other services including healthy living advice.

What you tell us will help us in producing a local 'Pharmaceutical Needs Assessment' (PNA). This helps NHS England ensure everyone living in your borough has the right access to pharmacy services. Your view counts and will help shape the way services are being delivered from your local pharmacies.

It should not take you more than 5-10 minutes to complete the survey. Remember there are no right or wrong answers.

The information you provide will only be used for the Pharmaceutical Needs Assessment 2018-2021. Your answers will be kept anonymous and we will not share your information with any third parties.

This survey will be open until the 14th of October 2017

Please note: throughout this survey, where we refer to pharmacy this means pharmacies (chemists) in shops and also pharmacies located within GP surgeries. It does NOT include hospital pharmacies.

We appreciate you taking time out to complete the survey.

	How often do you use a pharmacy? (please select only one option) Weekly Monthly
	Yearly
	Less than yearly
